Press Note.

In pursuance of the Government Order No. T. 2384-94—R.T. 28-52-6, dated 21st October 1952, the Mysore Government Road Transport Department has made necessary arrangements to monopolise the *six routes* noted below.* Government services have been running in all these routes already along with private services. Under the new set up, Government services will be concentracted on these routes, frequency of the services depending on the need of the travelling public. Wherever it is deemed not necessary, services have been withdrawn (from non-monopoly routes) or curtailed keeping in view the adequacy of existing road passenger transport services. To facilitate the through passengers some services will run beyond the Monopoly routes.

*(1) Bangalore—Kolar Gold Fields.
(2) Bangalore—Devanahalli.
(3) Bangalore—Dodballapur.
(4) Bangalore—Tumkur *via* Nelamangala.
(5) Bangalore—Bellur *via* Nelamangala and Kunigal.
(6) Bangalore—Gundlupet *via* Ramanagaram, Maddur, Mysore and Nanjangud.

At present, 93 buses are operating covering a mileage of 11,200 per day.

Under the new set up 95 buses will be operated with effect from 1st January 1953 covering a route mileage of 332 on the monopolised routes and 746 on the non-monopolised routes. The total mileage per day will be 11,174.

The buses have been distributed as under:

The Bangalore—Mysore route was almost monopolised and therefore the 21 buses have been retained. On the Mysore—Gundlupet Section 9 buses will run out of which 6 give direct connection in place of private services to be eliminated to Ooty and Calicut and 3 for the intermediate passengers. On the Mysore—Nanjangud Section 3 buses will run 25 shuttle services in place of private services stopped. In all 20 buses halt in Mysore daily. Eleven buses were already running on the Bangalore—Bellur Section. Beyond Bellur, two to Hassan and one to Chickmagalur and two to Mysore Services have been detained. Sixteen buses will run on this section. Out of the 5 extra buses 3 are meant for the through passengers and two for intermediate passengers. On the Bangalore—Tumkur Section 21 buses will run as against 19, the 2 extra being in place of two private services stopped, 2 more buses have been added making 8 additional shuttle service in Bangalore—Dodballapur Section. Similarly, on Bangalore—Devanahalli Section, 3 buses have been added to make 8 shuttle services.

On the Mysore—Gundlupet Section arrangements have made with private services connecting Ooty and Calicut to give preference to through passengers on either side.

Booking Offices are proposed to be opened at Traffic Centres like Kolar, Tumkur, Bellur, Chitaldrug and Gundlupet in addition to the existing one at Mysore.

Action is being taken to provide shelters to the passengers where passengers have to be transhipped and have to wait for buses.

Arrangements have also been made to carry mails on the monopoly routes in consultation with the Senior Superintendent of Post Offices.

Monopolisation is the essence of Nationalisation. Implementing monopoly on 6 routes is the first experiment. A tentative list of routes and timings have been notified in MRT/Adm/6087—52-53, dated 25—26th December 1952. The situation will be carefully studied and whenever there is need for additional trips they will be undertaken and unnecessary trips will be cancelled or curtailed. This type of arrangement will give facilities to the travelling public. There should not be much difficulty in handling the traffic as the Government Services have all along been running in these six routes. Twenty-five buses have been kept as spares to meet any emergency.

The enlightened public of Mysore are requested to co-operate with Government in the Scheme and make it a success.

(P.N. No. 168—29-12-1952).

B. N. SRI SATHYAN,
7202 *Principal Information Officer.*
